Hello all!

I'm so excited to have us all collaborating on this project with the Dutch Academy. Attached, for fun, you'll find the packet of info that the students were sent (it's in Dutch, enjoy the photos ;-)

The more detailed working schedule will be updated as soon as the school has final word on the room availabilities (This has been in flux as the ministry issues new rules about in-person classes).

Ferry will email you access to the **dropbox** so that you can see the assignments the students are working on in preparation for the intensive.

Est-ce que vous pouvez m'envoyer une photo et bio (court) au plus tard ce vendredi 2 avril? (Si vous pouvez inclure ce que vous avez fait par le passé avec AMT c'est super!)

Meanwhile, the broad strokes:
